COLLEGE AND UNIVERSITY RACIAL/ETHNIC DISTRIBUTION
OF DEGREES CONFERRED

NEW YORK STATE

1982-83

The data summaries contained in this report were obtained from the Higher Education Data System survey form NYSED-2.1, "Degrees and Other Formal Awards Conferred Between July 1, 1982 and June 30, 1983."

Table 1 through 6 present degrees awarded by level of degree, racial/ethnic category, sex of degree recipient and sector of institution. Racial data presented for City University of New York at the associate, baccalaureate and master's levels are based on responses to the Fall 1982 Ethnic Census collection which were then projected to all degrees awarded between July 1, 1982 and June 30, 1983. At the doctoral level, CUNY estimates of ethnic distribution are based on responses to the 1982-83 survey of Earned Doctorates from the National Science Foundation.

Tables 7 through 11 show Statewide distribution of degrees conferred by racial/ethnic category, sex of degree recipient and subject area. For City University, the racial distributions estimated by degree level were applied uniformly to the subject areas for each degree level.

Due to rounding, percentage totals may differ slightly from sums obtained by actually adding component values.

The State Education Department does not discriminate on the basis of age, color, religion, creed, disability, marital status, veteran status, national origin, race, or sex in the educational programs and activities which it operates.
